SUMMARY

iOS Developer at Zoho with 3+ years of experience building scalable, high-performance mobile applications using **Swift**, **SwiftUI**, and **UIKit**. Led modular UI architecture initiatives that reduced feature development time by **30%** and improved app launch performance by **20%**. Strong focus on reusable design systems, performance optimization, and clean architecture in large production codebases.

SKILLS

- **Languages:** Swift, Python, JavaScript (JS), TypeScript (TS), Bash
- **Frameworks & UI:** SwiftUI, UIKit, React
- **iOS Engineering:** Modular Architecture, Memory Management, App Lifecycle, Performance Optimization
- **Development:** API Integration, UI/UX Wireframing, Legacy Code Refactoring
- **Tools & Systems:** Xcode, Git, REST APIs, Linux

EXPERIENCE

Member of Technical Staff

May 2022 – Present

Zoho, Chennai

- Designed and maintained a modular Swift-based UI component library used across multiple Zoho mobile applications.
- Reduced feature development time by **30%** by standardizing UI patterns and reusable components.
- Led end-to-end development of critical features, from UI/UX wireframing to API integration and business logic.
- Refactored legacy code paths to improve app launch speed by **20%** and reduce memory overhead.

Project Trainee

Sep 2021 – May 2022

Zoho, Chennai

- Contributed to mobile feature development and gained hands-on experience in large-scale production iOS systems.

Intern

Apr 2021 – Jun 2021

Zoho, Chennai

- Assisted engineering teams with feature development, bug fixes, and code maintenance.

Intern

Nov 2019 – Dec 2019

Servion Global Solutions, Chennai

- Gained exposure to enterprise software development workflows and technical operations.

EDUCATION
